

Instructions on How to place a call from the Vosky Multimedia Touch Screen Videophone (VOSKYMTV00-01)

How to place a Call from MTSV to MTSV if person is in your Skype contacts list.

- 1) Tap on the Skype icon.
- 2) Tap on the Contacts icon and select person you want to call.
- 3) Tap on the Voice call or Video call icon.

NOTE: The contact receiving the call must select answer with video to connect the video call.

How to place a Call from MTSV to MTSV if person is NOT in your Skype contacts list.

- 1) Tap on the Skype icon.
- 2) Tap on the Search option.
- 3) Input the Skype name or email address of person you want to call
 - i) Tap search icon.
 - ii) Select the person want to call from the list.
- 4) Tap on the voice call button.

NOTE: Until the person is in your contact list you can only initiate a voice call with them. The person you are calling must select answer with video to initialize the video call with you.

How to place a Call to an MTSV unit using Skype installed on your Computer.

- 1) Search and find the Skype name or email address in your contacts.
- 2) Click on call or video call.
- 3) Contact must click on "Answer with video" in order to have a video call.
- 4) You must then click on "accept video" to receive video from the contact.

NOTE: If you have called the contact previously but not added them to your contact list then you will not need to click on "accept video" in step #4.
